PROJECTS

Movers Not Shakers
jbeedle19.github.io/movers-not-shakers/
github.com/jbeedle19/movers-not-shakers
- A site designed to help users plan trips based on a location's earthquake activity and current weather.
- Built the search input, implemented OpenWeather API and localStorage, and helped troubleshoot any issues that arose during development.
- Tools used: HTML5, CSS3, Bulma, Javascript, jQuery, Google Maps API and OpenWeather API

EXPERIENCE

Contact Tracer/Coach   2020 – 2020
Insight Global   Philadelphia, PA
Use a web-based platform to call close contacts of COVID19, assess symptoms, refer for testing according to established protocols, and provide them with instructions for quarantine. Help the supervisor manage the team and solve any issues other team members are facing.
Key Accomplishments:
- Promoted to the Coach role within two months of starting the position.

ESL Teacher   2017 – 2020
Self Employed   Taiwan/Remote
Teach one-on-one online lessons to students of all ages from around the world and quickly troubleshoot, diagnose, and resolve technical issues to provide a seamless learning experience.
